RESPONSE TO RESTRICTION REQUIREMENT

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

As set forth in the office communication dated April 19, 2004, the Examiner requires Applicant to elect a single disclosed invention.

In response, Applicant elects, without traverse, to proceed with examination being directed toward the second invention (Invention II), which is claimed in Claims 32-51 and 58-78 of the application as amended by the accompanying Preliminary Amendment. Invention II is drawn to a retainer.

Applicant further provisionally elects, without traverse, to proceed with examination directed towards the first stated species of Invention II, which is illustrated in at least FIGURES 1-13, should no generic claim eventually be held allowable. Applicant respectfully submits that at least independent Claims 32, 44, 58, and 60 are generic to all of the identified species and that Claims 33-43, 45-51, 59, and 61-78 read on at least the elected species (i.e., Species 1).
